## ARCHOS: 15% growth in the first quarter 2016

### The Group recorded its fifth consecutive quarter of strong revenue increase

Revenue for the first quarter 2016 was 40.2 million €, up 15% in comparison to first quarter 2015.

Consolidated Turnover M€ (not audited)	Q1 2016	Q1 2015	en M€	Var in %
ARCHOS	37,3	33,1	4,2	13%
Logic Instrument	2,9	1,9	1,0	53%
<b>Total</b>	<b>40,2</b>	<b>35,0</b>	<b>5,2</b>	<b>15%</b>

### During the first quarter of 2016, the main events were the following:

#### - Announcements at Mobile World Congress 2016:

The ARCHOS 2 Diamond Plus is the only smartphone with 4GB of RAM and 64GB of internal storage for less than 250 €. With the Mediatek Helio P10 octo-core processor, a Full HD screen of 5.5 inches, a fingerprint reader and a rear camera of 20.7 MP, this smartphone illustrates the Group's ability to bring to its customers the best technology at a competitive price.

Three new WiFi tablets in ARCHOS's Oxygen range, they are high-end tablets with Full HD displays (7, 8 and 10.1 inch screens), a quad-core processor, 2GB of RAM and Android 6.0, sold from May 2016.

#### - Growth of professional activity:

During the first quarter 2016, Logic Instrument displays a growth in turnover of 53% compared to the first quarter 2015. This strong increase is due to the expansion of the range of ruggedized products and the establishment of a full service for mobile product customization for large accounts. In Europe, several projects in various sectors of industry are already validated, while others are under negotiation.

## Outlook: the strategy of the company is clearly defined for 2016:

- Strengthen its position as key player in the mobility market of smartphones, tablets, computers and connected objects with innovative and affordable products while continuing the development of the brand in new regions,
- Improve gross margin as a percentage of sales through a progressive increase of high-end products and an enhanced professional offer,
- Deploy PicoWAN in 2016, a long range and low power network for connected objects.

After five continuous quarters of growth, ARCHOS plans to continue the increase observed in 2015 and expects to reach 200 million € of revenue in 2016.

ARCHOS also announces being about to conclude with the European Investment Bank (EIB) the granting of a loan of a maximum amount of 12 million €.
