

ARCHOS Expands Selection of Smartphones During Mobile World Congress

Multimedia-friendly smartphones feature large HD screens, Android™ 4.4 KitKat®, and Quad-Core processors for under \$170

Paris – February 26, 2015 – [ARCHOS](#), a pioneer in Android™ devices, expands its selection of multimedia-friendly smartphones during Mobile World Congress with the ARCHOS 52 Platinum, ARCHOS 59 Xenon, and the ARCHOS 62 Xenon. On display at Hall 1 Stand 1G29, ARCHOS's newest smartphones feature Quad-Core processors, large HD screens and the latest in mobile technology to deliver the ultimate multimedia experience.

Immersive experience

ARCHOS 52 Platinum, ARCHOS 59 Xenon and ARCHOS 62 Xenon smartphones deliver unprecedented visual clarity with HD IPS screens displaying a 1280x720 resolution. The smartphones offer an unmatched experience when playing games, watching movies or surfing the web.

ARCHOS' newest smartphones also come equipped with proprietary Media Center applications that increases performance to deliver an even more immersive multimedia experience.

Powerful Quad-Core processor

To complement the crystal clear large HD screens, ARCHOS equipped its newest smartphones with powerful Quad-Core processors and 1GB of RAM. The balanced combination of processing and graphics capability ensures a smoother user experience regardless of the activity.

Ultra-affordable prices

ARCHOS's multimedia-friendly smartphones amaze with their visual prowess and their ultra-affordable prices. Packed with features, the ARCHOS 59 Xenon, ARCHOS 52 Platinum and ARCHOS 62 Xenon deliver the performance of high-end smartphones without the price tag.

The ARCHOS 59 Xenon, ARCHOS 52 Platinum and ARCHOS 62 Xenon will be available for \$145, \$158, and \$170 respectively. For more information about ARCHOS' entire selection of Connected Devices, Smartphones and Tablets, visit us at www.archos.com.

About ARCHOS

ARCHOS, a pioneer in the portable audio and video player market, and now specializing in Android Tablets and Smartphones, has repeatedly revolutionized the market for consumer electronics since 1988. Today, ARCHOS offers its own line of Android Tablets and Smartphones, as well as a full line of OEM devices. In 2000,

ARCHOS launched the Jukebox 6000, the first MP3 player combined with a hard disk. In 2008, ARCHOS launched the first generation Internet Tablets, and then the first ever Android powered tablets in 2009. In 2013, ARCHOS launched its first generation of Smartphones with the ARCHOS Platinum series. ARCHOS has offices in the United States, Europe and Asia. ARCHOS is quoted on Compartment C of Eurolist, Euronext Paris, ISIN CodeFR0000182479. Website: www.archos.com
