

ARCHOS and QUSTODIO keep children safe and get them ready for Back-to-School

Paris – Thursday, August 23rd 2018 – ARCHOS, the French pioneer of consumer electronics, and QUSTODIO, the most used worldwide parental control solution today, have partnered to design the ARCHOS Junior range. It consists of a family friendly tablet and smartphone, dedicated to a younger public, delivering parents with the most relevant tools and program for edutainment and security. In addition to an optimized hardware configuration, the ARCHOS Junior range includes a subscription to QUSTODIO PREMIUM, with access to best in class content filtering and full remote management tools. Parents can thus be ensured their children are safe online, enjoying healthy and productive usages. The ARCHOS Junior range is now available throughout Europe starting at €79.99.

Children start their online journeys at younger and younger ages and parents' questions when it comes to choosing a first tablet or smartphone can be overwhelming. These questions are fully answered by the ARCHOS Junior range. Parents can now balance screen time, protect their children from inappropriate content and educate them to go online in a safer, healthier and more fun way with all the tools QUSTODIO PREMIUM offers to keep kids safe and focused, while having visibility of device use across the web, apps and social networks.

Additionally, educational software is also included to the ARCHOS Junior range, with academic and learning apps, music, videos, and even coding: Montessori, Pili Pop, Qobuz Premium, Qwant Junior, Youtube for Kids.

The ARCHOS Junior tablet and smartphone include the essential components for a child's use: a quad-core processor, supported by 1 GB of RAM and 8 GB of internal storage capacity, expandable by Micro SD card, a 10.1 screen for the tablet and a 5 inch display for the smartphone, a nice resolution, to check web pages, enjoy applications, watch photos and videos. Also 2 cameras, a 4,000 and a 2,000 mAh battery, various connections, ports and sensors to ensure maximum comfort at home or when travelling.

Availability and Price:

The ARCHOS Junior tablet and smartphone are available throughout Europe, on www.archos.com and on the shelves of ARCHOS distribution partners, starting at €79.99.

The ARCHOS Junior range will be demonstrated at IFA 2018, from August 31st to September 5th, IFA Next, Hall 26, Booth 202.

About ARCHOS

ARCHOS, a pioneer in consumer electronics, continues to innovate and revolutionize the consumer electronics market. Among others, the French manufacturer was first with an HDD MP3 player in 2000, a multimedia player in 2003, Google Android powered tablets in 2009, a connected Smart Home in 2014 and PicoWAN, the first collaborative network dedicated to the IoT, in 2016. Today, ARCHOS designs and democratizes solutions with high innovation value: tablets and smartphones, home and IoT, urban mobility, and security and blockchains. With headquarters in France, offices in Europe and in Asia, ARCHOS has become a strong pan-European player. ARCHOS is quoted on Compartment C of Eurolist, Euronext Paris, ISIN Code: FR0000182479.

Main Specifications

ARCHOS Junior Tablet

Starting at €79.99

Hardware

CPU: Quad core @ 1.3 GHz

GPU: Mali 400

RAM: 1 GB

Internal storage capacity: 8 GB – Expandable via Micro SD card

Screen

Diagonal size: 10.1 inches

Resolution: 1024 x 600 pixels

Technology: TN

Software

Operating system: Google Android 7

Specific content: Montessori, Pili Pop, Qobuz Premium, Qustodio Premium, Youtube for Kids

Apps store: Google Play Store

Web browser: Qwant Junior

Wireless connexions

SIM placement and type: 2x mini SIM

Data rates: 42 / 11 Mbps in 3G

WiFi: b/g/n

WiFi direct

Bluetooth

GPS

SAR/DAS: Body: 1,88 W / Kg (10 g)

Camera

Back camera: 2 MP with Flash

Front camera: 0,3 MP

Video encoding: 720 p

Battery

4,000 mAh - Removable

Ports and sensors

Loudspeakers

Audio output: 3,5 mm Jack

Microphone

G sensor

Micro USB

USB OTG

Main Specifications

ARCHOS Junior Smartphone

Starting at €79.99

Hardware

CPU: Quad core @ 1.2 GHz

GPU: Mali 400

RAM: 1 GB

Internal storage capacity: 8 GB – Expandable via Micro SD card

Screen

Diagonal size: 5 inches

Resolution: 854 x 480 pixels (FWVGA)

Technology: TN
