

## **ARCHOS G9 Tablets Available Starting September 20, 2011**

### **G9 Tablets will launch with Android Honeycomb 3.2**

*The G9 range will be available in 20,000 stores worldwide and will feature an ultra fast dual-core processor up to 1.5 GHz, Honeycomb 3.2, Android Market™, 1080p HD video and storage capacity up to 250GB*

**DENVER, CO – September 15, 2011** - ARCHOS, an award winning technology innovator and pioneer in the tablet market, announce the availability of its new G9 Android™ tablets starting on September 20, 2011. The ARCHOS G9 tablets introduced on June 23, 2011 are an unrivaled combination of speed and affordability.

With its 8" G9 tablet, ARCHOS will be the first to market with a dual-core, Android Honeycomb 3.2 tablet under \$300 featuring an OMAP 4 processor with an **ARM Cortex dual-core A9 at 1 GHz for \$299**. Pushing the technological boundaries even further, the ARCHOS G9 "Turbo" will be the first and only Android tablet in the market under \$400 to use the **OMAP 4 dual-core processor up to 1.5 GHz**, which gives it 50% more raw computational power over its 1 GHz competitors.

#### **Powered by Android 3.2 'Honeycomb'**

Android™ 3.2 'Honeycomb' is specially designed and optimized for tablets, giving a full web experience for on-the-go web browsing, communication and applications. With Adobe® Flash® 10.3 support for the true web experience and with the constantly growing number of apps in Android Market™, ARCHOS G9 tablets are your versatile tool for your connected life.

ARCHOS G9 tablets will include access to Android Market, which has more than 250,000 applications available for download. Whether you're after games, news, tools or widgets to personalize your Honeycomb experience, there are plenty of apps to make your ARCHOS G9 tablet your own.

ARCHOS G9 tablets also come with a suite of Google™ mobile applications including Google Talk™ with video chat, Gmail™, Youtube™, Google Maps™ with Street View and Navigation (beta) and Google Calendar™.

### Flash storage or 250GB hard drive storage

To give you more space for your media and apps ARCHOS G9 tablets are available with flash storage and 250GB hard drive storage capacities. Using an intelligent caching system on the hard drive versions, your 250GB G9 will feel as fast and responsive as a flash device but gives you storage space to spare.

Wanting to give users the best of both worlds, ARCHOS paired the Seagate® Momentus® Thin hard drive with a dedicated 4GB flash caching system. This ARCHOS engineered hybrid solution offered on all ARCHOS G9 hard drive tablets is designed to limit spinning and to keep the drive powered down when not in use, which will protect it when on the go as well as preserve battery life.

### Price and availability

### About ARCHOS

Archos, the pioneer in the portable audio and video player market, and now specializing in Android powered Internet tablets, has repeatedly revolutionized the market for consumer electronics since 1988. Today, ARCHOS offers Android Tablets, Tablet PCs and MP3/MP4 players. In 2000, ARCHOS launched the Jukebox 6000, the first MP3 player combined with a hard disk. Then in 2003 ARCHOS introduced the first portable multimedia players with TV recording. In 2006 Wi-Fi is implemented and then touch screens in 2007. In 2008, Archos launched the first generation Internet Tablets, and then the first ever Android powered tablets in 2009. ARCHOS has offices in the United States, Europe and Asia. ARCHOS is quoted on Compartment C of Eurolist, Euronext Paris, ISIN CodeFR0000182479. Website: [www.archos.com](http://www.archos.com).
