

ARCHOS Unveils the ARCHOS 80 xenon, the Newest 3G Tablet in the Elements Range

Specially designed for an on-the-go experience, the ARCHOS 80 xenon has 3G built-in to stay connected anywhere at only \$199.99

Denver, CO – May 16th, 2013 - [ARCHOS](#), a pioneer in Android™ devices, is pleased to announce the latest addition to the Elements range of tablets, the **ARCHOS 80 xenon**, a specially designed 8" tablet with built-in 3G and WiFi for an on-the-go experience. This Google™ certified tablet features a powerful Qualcomm Quad-core CPU at 1.2 GHz, Android™, 4.1 Jelly Bean for an improved smooth interface and a sharp and clear IPS multi-touch screen that delivers amazing vivid colors and impressive wide viewing angles. The **ARCHOS 80 xenon** will be available for \$199.99 SRP starting in June, 2013.

“We designed the ARCHOS 80 xenon to meet the growing need and desire for large screen connectivity while on the go,” says Loïc Poirier, CEO of ARCHOS. “Taking advantage of the recent arrival of affordable 3G subscriptions, the ARCHOS 80 xenon provides a full connected tablet experience anywhere, anytime.”

As a Google certified tablet, the ARCHOS 80 xenon has complete access to Google Play™ and its 700,000 applications and games and as a “**Un-SIM-locked**” device, it can accept SIM cards from any operator even pay-as-you-go SIM cards. Additional features and functions include:

- **Built-in GPS:** The 80 xenon includes an integrated GPS combined with Google Maps™ and Google Maps with Navigation beta, for easy access to maps and directions

- **Vibrant Screen:** The ARCHOS 80 xenon is equipped with an impressive 8" IPS screen that provides amazing image quality, extra wide viewing angles, excellent screen sharpness and vivid colors
- **ARCHOS Media Center Applications:** The ARCHOS 80 xenon includes the best of multimedia with tailor made apps for Video and Music that include metadata scraping, auto-subtitles, wireless media sharing and the best format and codec support around including HD video decoding
- **Pure Android Experience:** Powered by an unskinned version of Android™ 4.1, Jelly Bean, ARCHOS 80 xenon delivers a pure Android™ experience including optimizations for a super-smooth UI experience and Google Now™ voice assistance
- **Full Suite of Google™ Mobile Apps:** The full suite of Google™ mobile apps are available on the ARCHOS 80 xenon; whether it's to keep in contact via Gmail™, Google Talk™ and Google+™ (with multi-user video calling), planning a trip with Google Maps™ or accessing content on the cloud with Google Drive™.
- **Other Key Specs:**
 - 1024x768 IPS screen
 - Quad-Core CPU @ 1.2 GHz with 1GB RAM
 - Expandable MicroSD slot (up to 64GB)
 - 2 Megapixel Back Camera

ABOUT ARCHOS

ARCHOS, a pioneer in the portable audio and video player market, and now specializing in Android Tablets, has repeatedly revolutionized the market for consumer electronics since 1988. Today, ARCHOS offers Android Tablets, Tablet PCs and MP3/MP4 players. In 2000, ARCHOS launched the Jukebox 6000, the first MP3 player combined with a hard disk. Then in 2003 ARCHOS introduced the first portable multimedia players with TV recording. In 2006 Wi-Fi is implemented and then touch screens in 2007. In 2008, ARCHOS launched the first generation Internet Tablets, and then the first ever Android powered tablets in 2009. ARCHOS has offices in the United States, Europe and Asia. ARCHOS is quoted on Compartment C of Eurolist, Euronext Paris, ISIN CodeFR0000182479. Website: www.archos.com.
