

## ARCHOS Access 57 4G: the first 5.7 inch smartphone in 18:9 format under €80

**Paris – Thursday, August 23rd 2018** – ARCHOS, the French pioneer of consumer electronics, announces today its ARCHOS Access 57 4G. This new smartphone meets the needs of users looking for a budget-friendly, well built, up to date device, with a fast software offer. The ARCHOS Access 57 4G will be available from October 2018, starting at €79.99.

The ARCHOS Access 57 4G sports a 5.7 inch display, FWVGA+, offering a 960 x 480 resolution in an 18:9 format for enjoyable viewing of web pages, photos and videos, with rich and vibrant colors, anytime.

This perfectly capable smartphone is powered by a quad core processor, with 1 GB of RAM and 16 GB of internal storage, for performing daily tasks, including a Micro SD slot to expand memory up to 64 GB.

The ARCHOS Access 57 4G runs Google Android Oreo Go edition, with optimized app-launching speed, exclusive light-weight versions of bundled apps, enhanced storage scanning and clearing up, improved data-saving features for an all-around and fluid experience.

This attractive handset also flaunts all the essential in a compact body: 2 cameras (2 MP \* FF at the front and 8 MP \* AF at the back), a 2,400 mAh battery for a suitable one day use, a large variety of ports, slots and sensors (2x Nano SIM, Bluetooth, GPS, headphone jack, 3D G sensor, etc.).

### Availability and Price:

The ARCHOS Access 57 4G will be available from October 2018 throughout Europe, on [www.archos.com](http://www.archos.com) and on the shelves of ARCHOS distribution partners, starting at €79.99.

The ARCHOS Access 57 4G will be previewed at IFA 2018, from August 31<sup>st</sup> to September 5<sup>th</sup>, IFA Next, Hall 26, Booth 202.

## About ARCHOS

ARCHOS, a pioneer in consumer electronics, continues to innovate and revolutionize the consumer electronics market. Among others, the French manufacturer was first with an HDD MP3 player in 2000, a multimedia player in 2003, Google Android powered tablets in 2009, a connected Smart Home in 2014 and PicoWAN, the first collaborative network dedicated to the IoT, in 2016. Today, ARCHOS designs and democratizes solutions with high innovation value: tablets and smartphones, home and IoT, urban mobility, and security and blockchains. With headquarters in France, offices in Europe and in Asia, ARCHOS has become a strong pan-European player. ARCHOS is quoted on Compartment C of Euronext, Euronext Paris, ISIN Code: FR0000182479.
